World Environment Day is the biggest annual event for positive environmental action and takes place every 5th June. The theme for World Environment Day 2017 is "Connecting People to Nature". It implores us to get outdoors and into nature, to appreciate its beauty and its importance, and to take forward the call to protect the Earth that we share. This year's theme invites us to think about how we are part of nature and how intimately we depend on it. It challenges us to find fun and exciting ways to experience and cherish this vital relationship.
